Gift Planning

- I am age 70.5 and over, and I will donate from my IRA rollover distribution each year for ____ years.
- I have included HSHS St. John's Foundation in my will, trust or life insurance. Please contact me.
- I would like to make a gift of stock. Please send information.
- Please send me additional information on planned gifts.

Your Goals	Your Strategy	Your Benefits
Maximize your deduction; minimize the gift details.	Use cash or credit card to make your gift to HSHS St. John's Foundation.	Claim your deduction against a larger portion of your adjusted gross income and make an immediate impact.
Afford a larger gift and avoid any capital gains liability.	Give appreciated stock, bonds or mutual funds held over one year.	Buy low and give high — make a gift that costs you less than the benefit it delivers to us, while avoiding capital gains tax.
Make a gift to St. John's future that doesn't affect your cash flow or portfolio now.	Put a bequest in your will (cash, specific property or a share of the estate residue).	Today — a gift that costs you and your family nothing. Tomorrow — an estate tax deduction.
Tap one of the most valuable assets in your portfolio to make a gift to HSHS St. John's Foundation.	Use personal property to make your gift, such as real estate, farm land, bushels of crops, jewelry or other valuable assets.	Avoid capital gains tax, receive an income tax deduction — and have the option of a gift that doesn't affect your lifestyle.
Locate an overlooked asset you can easily give to HSHS St. John's Foundation.	Name HSHS St. John's Foundation as beneficiary of your retirement plan; leave other assets to family.	Eliminate income tax on retirement plan assets — free up other property to pass on to your heirs.
Make an endowment gift from income rather than capital.	Create a new life insurance policy, or donate a paid-up policy whose coverage you no longer need.	Increase your ability to make a significant gift.
Make a corporate gift.	Make a corporate charitable gift while investing in a St. John's program.	Numerous benefits to the business, the stakeholders and the community.
Help St. John's Hospital, St. John's College of Nursing or Prairie Heart Institute during financially unsteady times.	Recession-proof giving ideas — bequests, future gift of a life insurance policy, future gift of retirement plan assets, future gift of real estate and establishing a charitable trust.	Minimize your taxes, reduce the tax burden on heirs and fund important hospital programs.

HSHS St. John's Hospital Foundation

Financial contributions are vital to the healing ministry of HSHS St. John's Hospital. The HSHS St. John's Foundation was established to safeguard the mission of the hospital and carry forward the values and traditions of the Hospital Sisters for future generations.

Matching Gifts

Matching gifts occur when a company matches the charitable contribution of an employee to a non-profit organization. If you (or your spouse) work for a matching gift company, your gift may be doubled, or even tripled. The matching gift procedure is very simple. The employee gets a matching gift form from the human resources department. After completing the form, the employee sends it, along with his or her gift, to the St. John's Foundation. (You may also send in the form after you have made the gift.) St. John's Hospital confirms on the form that it has received the gift and meets the company's guidelines for receiving a matching gift. St. John's Hospital then returns the form to the company. The company verifies eligibility of the employee and sends a check to St. John's Foundation. For more information, please call our office at (217) 757-6555.

If your employer requires an Employer Identification Number (EIN) (i.e. Federal Tax Identification Number), please use 37-1186514.

Charitable Trusts

Charitable trusts are another option for donors who wish to make a current or deferred gift to St. John's Hospital, but are concerned about retaining an income from the asset. Charitable trusts can provide donors with regular cash payments, current charitable income tax deduction, avoidance or reduction of estate taxes and elimination of money-management concerns. Giving through such arrangements can be a meaningful way to blend your philanthropic goals with your personal, financial and tax-planning needs. Charitable trusts are set up through an outside advisor, such as through a trust department of a bank. It is important that you let us know if St. John's Hospital is a beneficiary of a trust agreement so we may thank you and recognize your gift appropriately.

Planned Giving

Members of the St. John's Legacy Society have arranged for a charitable bequest – a gift made from an estate, after death, or as a result of instructions outlined in a will. Bequests can be of a specific dollar amount, a specific asset or assets or for a percentage of an estate. If you choose to give a gift to St. John's Hospital through your will, you can make your bequest available for our immediate use or you may restrict it to endowment. With endowment gifts, a portion of the investment earnings are used to fulfill the stated purpose of the gift. The proper way to list St. John's Hospital in your estate is: HSHS St. John's Foundation, a division of the Hospital Sisters of St. Francis Foundation, Inc., 800 E. Carpenter St., Springfield, IL 62769.

If you have or are planning on including St. John's Hospital in your will, you are eligible to become a member of our St. John's Legacy Society. Please call or write our office and let us know.

Endowments

An endowment is an amount of money given to St. John's Foundation with the stipulation that the funds are invested to earn annual interest rather than spent immediately. A portion of the annual earnings is used to support programs within St. John's Hospital. An endowment can be restricted to a specific department or unrestricted to be used for the greatest need. Named endowments are a gracious way to honor an individual loved one or a family name. A minimum of \$10,000 is required to establish a named endowment. For more information on establishing an endowment, please call our office at (217) 757-6555.
